The splendid Sea Ray 51 is turning heads the world over. As part of the proud Sundancer line, this yacht was created for performance and style. The cabin of the Sea Ray 51 has only the finest interior finishes hand-picked by Sea Ray. A concealed floor storage compartment in the galley allows stowage of extra gear without detracting from the contemporary décor. Above, the cockpit has a definite European flare with a sport spoiler, flip-up thigh-rise helm seat and Euro-styled companion bench seat. The U-shaped cockpit seating area with a hi-lo fiberglass table features an electrically retractable sun pad. A curved tri-section tinted-glass windshield with power vent creates an unobstructed view while increasing air flow to the helm and cockpit.
