40' ITAMA

Full day €1,900

Weekly €11,400

The Itama 40 represents the pure innovative style of a historic and elegant brand which is highly esteemed by the greatest experts in the marine field. The general lines of the Itama Forty are remarkable. The flat bridge, which is totally unfitted, is endless, with a tapered windshield extending to the rear. In the confined cockpit, the shipyard housed a beautiful sun-bath with an L-shaped seating for the passengers. The presence of the table suggests a comfortable deck lounge, facing a small outdoor kitchen. The feeling of bestiality and sportiness is increased tenfold when one admires the cockpit housed on the port side.
