So, you like music? We've got you covered! The Saxdor just received a little upgrade to make sure your day is memorable.

It combines phenomenal design and concept with the absolute thrill of driving; the performance is simply fantastic. With two Mercury 300 engines, you can easily and smoothly reach speeds of over 50 knots.

Despite its excellent drivability, the boat offers much more. It features a great socializing space, a full cabin for napping or spending the night, and a well-equipped galley kitchen for preparing lovely, lazy breakfasts.
