Per 7 days **\$34,800**

The Azimut 66 Flybridge "Warrior II" is a landmark vessel that redefined its category when launched. This 2016 masterpiece is a standout in the Azimut fleet, being one of the first models to pioneer the extensive use of carbon fiber in its superstructure. This advanced engineering doesn't just make the boat lighter; it significantly lowers the center of gravity, offering enhanced stability and expanded interior volume. The layout highlights include a sophisticated four-cabin arrangement—a rarity for a 66-footer—anchored by a stunning, full-beam master suite. The flybridge is remarkably spacious, featuring modular social zones and a fully equipped wet bar, making it a premier choice for entertaining.

In terms of performance, the Azimut 66 specs are built for the thrill-seeker who values precision. Powered by twin Caterpillar C18 ACERT engines, "Warrior II" delivers a punchy top speed of approximately 32 knots and a comfortable, sta...
