SV Riviera is a 51-foot sailing yacht that blends performance, comfort, and understated European design. Expansive teak decks, a spacious cockpit, and a convertible swim platform create an effortless setting for both relaxation and connection to the water. Below deck, light-filled interiors and refined finishes offer a calm, elevated atmosphere.

What sets Riviera apart is the experience itself: a true sailing yacht—responsive, quiet, and immersive. Guests can take the helm or simply unwind in complete privacy, with every detail curated in advance. This isn't a tour—it's your yacht for the day.
