53' LEOPARD

Per 4 hrs €8,000
Per 6 hrs €10,000
Per 8 hrs €12,000
Per 7 days €48,000

The Leopard 53 "Ora" is celebrated for its incredible volume and natural stability, which significantly reduces rolling compared to traditional monohulls. The layout highlights feature a massive flybridge—the largest in its class—offering 360-degree views, a wet bar, and ample social seating. Inside, the "Owner's Version" configuration provides three luxurious cabins, including a palatial master suite with a walk-in closet and double vanity. The main deck is designed for entertaining, with a seamless flow between the aft cockpit and a light-filled salon that offers near 360-degree panoramic views.

On the technical side, the Leopard 53 specs are optimized for both efficiency and thrill. Powered by twin Yanmar 370 HP engines, "Ora" can reach a top speed of 25 knots while remaining up to 50% more fuel-efficient than similar monohulls. It is fully loaded for high-end charter cruising, featuring a robust AC system, Starlink WiFi, and a...
