

📍 MARBELLA, ES

68' SUNSEEKER

This 2016, 68' Sunseeker is high performance in every way. She comes with two 1270 horsepower engines and a top speed of 34 knots, plus tailor-made vector fin stabilizers to limit motion sickness both on the move and at anchor. If power and speed aren't your style, relax on the bespoke flybridge, with added safety screens for the littlest of guests. Or take time out and tune in to your own playlists via the Sonos and Fusion sound systems. Even take a dip into the warm waters of Marbella with the endless amount of water toys - jet skis, paddle boards, tender, and more. Enjoy.
